### FROM OUR SECRETARY

Brethren, moving from summer into fall we can reflect on past successes, remarkable achievements and dramatic changes while focusing on future efforts to improve the Valley of Canton for the benefit of all of its members.

Members will soon be receiving annual dues notices for 2014. These notices will

indicate that the Valley's dues have increased to \$85, while the Supreme Council assessment has increased to \$27. This is the third and final stage of a gradual dues increase over a three year period approved by the members of the Valley in August, 2011. The vote by the members to authorize a dues increase signaled approval of the efforts by the Valley's leadership to promote Inspirational, Convenient and Enjoyable events and confidence in the leadership's efforts to continue wise stewardship of the Valley's resources. All of the leaders of the Valley have pledged themselves to sincere, aggressive efforts on behalf of the members and to continue a tradition of innovative and unusual events designed to bring 21st Century technology into all our endeavors to promote the time honored principles of Freemasonry and demonstrate why Scottish Rite is the "Fraternity of Choice."

This year's Supreme Council Session in Washington, D. C. was a truly memorable one. The newest 33rd from the Valley of Canton is our Most Wise Master, Ill. R. Wesley Webber, Jr., 33°, who received the 33° in an impressive ceremony. When you see him, please congratulate Ill. R. Wesley Webber, Jr., 33°, on his accomplishment. You will also want to congratulate our newest Trustee-at-Large, WB David L. Detchon, who has been elected to receive the 33° at the Supreme Council Session in Indianapolis in September 2015. Both of these brethren have worked tirelessly on behalf of the fraternity and continue to serve in many different capacities. They personify why Freemasonry continues to be an important part of all of our lives and why it will forever be a force for Brotherly Love, Relief and Truth in this world.

In the Valley, the months of August and September brought another successful Central Stark Steak Fry and a Quarterly Stated Meeting on September 12 which featured an outstanding program on the history of the Lincoln Highway. And on September 28, 2013, during a dinner and program at Tadmor Temple, the Valley's superb multi media team and the cast and crew were recognized by Ill. John W. McNaughton, 33°, Sovereign Grand Commander, for their stellar achievement in producing a memorable video of the 6° for use throughout the Northern Masonic Jurisdiction.

The month of October brings the Fall Reunion on October 4 and 5, 2013, (Continued on page 4)

### MEMBERSHIP MESSAGE

Brethren, we hope you receive this in time as a reminder to attend the Fall Reunion Dinner Friday night, Oct. 4, with your lady. Please come out to recognize our class honoree, Ill. Bro. Larry Smerglia. We will be looking forward to seeing you at the degree conferral portion of the Reunion on

Saturday, October 5th.

If you were a top line signer for a 4th degree candidate at the Grand Master's Class in May, have you made contact with him? Remind him that he needs to come back to become a 32nd Degree Scottish Rite Mason. He may not be aware that he has already paid for all the Scottish Rite degree conferrals, and that he will be an honored guest that day. If he is not able to make it, because of family or work commitments, please contact our office for the Reunion dates for the other Ohio Valleys this Fall. He can still become a 32nd Degree Mason by attending another Valley's Reunion. Upon completion this year, he then will receive the 200th Anniversary Jewel. This Jewel will not be given to candidates after 2013, so they need to finish their work this year.

Brothers, we are putting the finishing touches on some traveling degree dates to areas around our Valley orbit. We know it is difficult for some of the men to make it to Canton, so we will come to them. We will be needing degree casts that are willing to travel, so that we can make the Scottish Rite experience convenient and inspirational for new members. If you are willing to participate, please see our Reunion Director, Gary Eubank, or any of the line officers in the Valley. If you are the director of a degree, you may be called upon to confer this in a different Temple than you are used to. If you were at any of the other degree conferrals on the road, we hope you remember how appreciative the local brothers were that we took the time to serve their area.

Lately, there have been some new ideas to serve the Valley membership that have come up in our stated meetings and in informal discussions among the officers. Please come out and give us your opinion on what you think we could do to serve you better. We believe there are some exciting ideas taking sprout for improving the experience of the membership.

See you at the Reunion!

Wes Webber

## DOES YOUR RESUME RESEMBLE A ZOMBIE?

By Monica Rose Gwin

*The Employment Source*

A recent article posted on LinkedIn by Bob McIntosh suggests that resumes can be like zombies, or rather when they are bad they make the person appear as a shell. This month Amy Miller, Resource Center Manager for The Employment Source, discusses a few of the key points McIntosh makes in his article.

First, your work history should include relevant accomplishments. McIntosh says while it is important to include what your responsibilities were at your previous positions, significant accomplishments are even more important. Those are the things you did that highlight your success in your previous jobs. This is especially powerful when you show how your accomplishments helped your previous employer succeed and grow.

Secondly, your education section should be complete and not include dates. While you should list that you have a degree, don't be afraid to brag. If you had a high GPA or made the Dean's List be sure to include that on your resume.

If you received additional training during the course of your employment that enhanced your job skills, add that information as well. Zombie resumes with no training information show that you did not take advantage of opportunities to learn and improve your skills

Lastly, be sure to list contact information that includes your LinkedIn URL. More and more employers are reviewing social media and LinkedIn sites to learn more about you professionally. Make sure that you have a profile, and make sure it is complete and representative of you and all of your skills and accomplishments.

*To hear more of Amy's job search tips tune in Mondays on WHBC Mix 94.1 FM at 6:40 a.m. or on WJER 1450 AM at 3:15 p.m.*

## 2014 DUES INCREASE-

### MESSAGE TO THE BRETHERN

Brethren, starting in October, 2013, you will be receiving dues statements for the year 2014. The 2014 dues reflect an increase of \$18 over the 2013 dues, increasing the amount due from \$94 to \$112. This increase is in accordance with the wishes of the members of the Valley of Canton who, at a Stated Meeting in July, 2011, unanimously approved annual increases of \$15 in Valley dues for each of the years 2012, 2013, and 2014. **The dues statements for 2014 you will shortly be receiving will indicate that the Valley dues are \$85 and the Supreme Council assessment, which now appears as a separate item, is \$27, making a total of \$112.**

By approving the dues increases, the members of the Valley recognized the conscientious efforts put forth by the Finance and Budget Committee, which conducted a thorough review of our financial situation and closely examined our needs for the future before recommending the first increase in Valley dues in 30 years. The approval vote was also a demonstration of confidence in the Trustees' stewardship of the Valley's finances and constituted recognition of the continuing determined efforts of the Valley's Officers to generate programs and events for the enjoyment and benefit of the members.

The Supreme Council assessment of \$27 is intended to assure the continued ability of Supreme Council to provide services to the members and to care for brothers in need. As is the case with the Valley of Canton, Supreme Council makes every effort to reduce operating costs without impacting adversely on member services.

We sincerely hope the increase does not create undue problems for the members of our Valley. We know you appreciate the efforts required to keep our Valley great and thank you for your continued support.

Sincerely and Fraternaly,

Jim Fidler, Executive Secretary

## Halloween Safety

Halloween is at the end of this month and many of our children, grandchildren, nieces or nephews will be out in our neighborhoods Trick or Treating. With witches, goblins, and super-heroes descending on neighborhoods across America, let's look at some safety tips to help prepare for a safe and enjoyable trick-or-treat holiday. Halloween should be filled with surprise and enjoyment, and following some common sense practices can keep events safer and more fun.

- Walk, slither, and sneak on sidewalks, not in the street.
- Look both ways before crossing the street to check for cars, trucks, and low-flying brooms.
- Cross the street only at corners.
- Don't hide or cross the street between parked cars.
- Wear light-colored or reflective-type clothing so you are more visible. (And remember to put reflective tape on bikes, skateboards, and brooms, too!)
- Plan your route and share it with your family. If possible, have an adult go with you
- Carry a flashlight to light your way.
- Keep away from open fires and candles. (Costumes can be extremely flammable.)
- Visit homes that have the porch light on
- Accept your treats at the door and never go into a stranger's house.
- Use face paint rather than masks or things that will cover your eyes.
- Be cautious of animals and strangers.
- Have a grown-up inspect your treats before eating. And don't eat candy if the package is already opened. Small, hard pieces of candy are a choking hazard for young children.

## From the Children's Dyslexia Center

We are excited to begin a new fall session. The Center opened on September 16th with 23 children. Eight more children will begin the tutoring sessions in October. This year we have the largest number of tutors we have ever had. Eleven tutors are certified, 5 scholars are returning to finish their practicum and 8 new scholars are ready to begin their practicum.

Beautiful Artwork Donated to the Children's Dyslexia Center.

Two beautiful pieces of art have been donated to the Center. The first one is featured this month and is titled "Books Open the Door to the Imagination".

Bwlow in an original art that was donated to the Center by a local artist who is a friend of one of the tutors. Renie Britenbucher has been an artist for most of her life, Always having a deep love for the creative process. She has created murals in homes, portraits, custom design and painting, and art as a spiritual expression. She had done spontaneous, intuitive paintings on commission, has participated in many shows over the years and has had her work sold in several shops and galleries. She is mostly self-taught although has some art education, and has been painting professionally for over 35 years.

Her work portrays a whimsical joy and many times, humor. She is well known in the United States, Canada and Europe for her Diva series which are above average-sized women, many times on the beach or in precarious situations. She is well known for her Jazz and Blues themed work, and colorful, whimsical landscapes and cityscapes.

Her work can be found in the homes of collectors throughout the world having sold over 4000 paintings in the last 12 years. You can see Renie's work on many products including packaging for Immaculate Baking Cookies, and through her licensing partners which include Deny Designs and DiaNoche Designs, makers of home products such as shower curtains, bedding and more.

The painting is enjoyed by all who visit the Center and it is truly appreciated. We are looking into printing note cards with the paintings. If this materializes, we will be selling note cards with the beautiful paintings.

## THE MUSIC MAN

Jack Halkides has performed, taught and inspired for decades. The Jack Halkides Orchestra will provide the music at the December Dinner Dance.

Jack started his music career at the early age 10 with the drums and, at the urging of his mother, took up the saxophone at age 11. The saxophone was the instrument, along with such others as the clarinet and flute, that built his decade's long career in music in the Stark County area.

In addition to playing with his own group – The Jack Halkides Orchestra – the musician and band leader performed with several other groups through the years playing big band music and jazz.

He started out with Charlie Gattuso's band as a teenager and then played with the Tony Vital Band and the Charles Pickens Band. Jack played with the Charles Pickens band at the "old" Moonlight Ball Room at Myers Lake for a number of years, taking over the band when Charlie left.

While playing at the Moonlight Ball Room, he got to play with a lot of different people such as the McGuire Sisters, Danny Thomas, and Tony Bennett. He also played for many celebrity entertainers who came to Canton over the decades: Henry Mancini, Bob Hope, Andy Williams, Stevie Wonder, Frank DeVol. The list goes on.

Halkides still continues playing today with the Canton Concert Band, The Savoy Band, in small combos, and with his own – The Jack Halkides Orchestra. On Friday, December 13th, 2013, is your chance to have a nice dinner and enjoy dancing with his orchestra.

### A matter of honor

Remember when a man's word was his bond? When a handshake sealed the deal? When a man's honor meant more than words on a piece of paper?

There are still men who believe in personal honor. Men who believe in principle. Men who believe in moral and ethical behavior. Men who know that character does matter.

**Who are these men?**

**They are Scottish Rite Masons.**

## Valley of Canton - Smith College Loan

The Valley of Canton is pleased to announce that there is now a scholarship loan available for members of the Valley and their children. This is a loan and must be repaid.

It has a very low interest rate and can provide another way to help finance your future. If you are getting ready for college and find that you are going to have to take out a loan for you or your child you should check out this loan.

The procedure is very simple for procuring the loan. The first step is to request an application from the Scottish Rite Valley of Canton office. Stop and pick up an application. Fill it out and return it to the Valley office before the deadline on the application. The application will then be given to the committee for their approval. Part of their approval process will be meeting with the committee for an interview. A decision will be made shortly after the interview. The requirements for repayment will be contained with the application and also when a promissory note is signed and dated.

If you are worried about where the money for college is going to come from, stop fretting and stop by the Valley office for an application. Let us help your and/or your child reach your dreams.

## In Memoriam

*When the world is upside down, brush away the tears, the frown,  
Say a little prayer and soon a ray of hope will conquer gloom.  
Our lot is easier to bear when we talk to God in prayer.  
And like a beacon shining bright, prayer will soothe the grievous plight.  
Tales of woe, like useless weeds, serve no purpose, but the seeds  
That enable us to cope are the prayers of faith and hope.*
